

# Kinesis Deuterium Lamps

Achieve reliable and optimal results with high-performance D2 lamps.

- Come with same warranty as that offered by instrument manufacturers.
- Pre-aligned and tested to ISO 9001 procedures.
- Most comprehensive range—supplying lamps for more than 90% of all leading instruments worldwide.
- Same bare lamps are used (where available) as those used in instrument manufacturers' lamps and so offer OEM Equivalent Lamps.
- Economical—prices are typically 30% below instrument manufacturers' lamps.
- Known for consistent operation, trouble-free performance, and long-term value

## Superior Quality Control

- Kinesis D2 lamps are manufactured in an ISO-accredited facility
- Unique serial number for each lamp
- Kinesis lamps are individually tested
- Test results are recorded against unique serial numbers
- Full traceability of each lamp from manufacturer through to customer delivery

Please write to us for details.

Cole-Parmer offers a comprehensive range of fully traceable and certified Kinesis D2 lamps, delivering a long lifetime, excellent stability, and high output. Each D2 lamp meets the highest quality standards and strictest safety regulations and is fully traceable throughout every step of the production process. Rejection is as low as 0.1%.

Applications include HPLC UV detectors, SO<sub>x</sub>/NO<sub>x</sub> analyzers, capillary electrophoresis, UV-Vis spectrophotometers, fluoro spectrometers, and atomic absorption spectrophotometers.

Instrument brand	Fits models	Type	Catalog number
Applied Biosystems	757, 759, 783A, 785A, 1000S, 980, 120A, 130A	Standard	SE-11941-10
Agilent	1100 VWD, 1200, 1260	Long life	SE-11941-11
	8453	Standard	SE-11941-12
	1100/1200 DAD (to fit G1315/1365 A & B series detectors)	Long life	SE-11941-13
	1260, 1290 DAD (8-pin)	Long life	SE-11941-15
Biotage®	SP1/4, Isolera™	Standard	SE-11941-16
Dionex™	UltiMate™ VWD 3000, 3000RS, 3100, 3400	Long life	SE-11941-17
Dionex/Gynkotek	UVD 160, 170S, 170U, 320, 340S, 340U	Long life	SE-11941-20
Gilson®	170 DAD	Standard	SE-11941-18
	170 DAD	Long life	SE-11941-19
Interchim	PuriFlash (PF) 215, PF430, PF450, PF800, PF4100, PF1, SP2	Standard	SE-11941-21
Merck Hitachi	LaChrom L Series, LaChrom Elite, U Series	Long life	SE-11941-22
Perkin Elmer®	Series 200	Standard	SE-11941-23
	Labmbda 2 to 45, 800, 900, Bio, 55X series, LC480	Standard	SE-11941-24
Unicam	Thermo Unicam 4225	Standard	SE-11941-25
Shimadzu	SPD-10A, AVP, AV, AVVP, M10AVP, M20A, 20A, 20AV	Long life	SE-11941-26
	UV series	Long life	SE-11941-27
	LC2010	Long life	SE-11941-28
Thermo	TSP UV100, 150, 200, 1000, 2000, 3000	Standard	SE-11941-29
	TSP SA6510, SP770, SP970, SP8480XR, SP8773XR	Standard	SE-11941-30
Varian	UV50, 100, 200, 9050, Prostar 310	Long life	SE-11941-31
	Prostar 325, 335	Long life	SE-11941-33
	Prostar 330 DAD	Long life	SE-11941-32
	Prostar 340, 345	Standard	SE-11941-34
Waters	996, 2996 PDA	Long life	SE-11941-35
	2487	Long life	SE-11941-36
